U.S. Southern Command

Worldwide Joint Training and Scheduling Conference 2005

09 February 2005

LTC Philip Migliore
SCJ34

SOUTHCOM – WJTSC 05 Issues

- **DCCEP Approval Process**
  - **Process does not afford the Commander flexibility/ ability to execute mission critical, short fused, emerging exercise requirements**
  - **Presented as an issue during the FY 04 Worldwide Joint Training Conference; no resolution to date**
- **Service Exercise O&M Decrements**
  - **Impacts / Cost**
    - **NH-Antigua (potential canx) /$757K UFR (Air Force)**
      - **Returns $600K of STRATLIFT**
    - **NH Dominica (potential canx) / $316K UFR (Navy)**
      - **Returns $300K of STRATLIFT**

SOUTHCOM – WJTSC 05 Issues

- **No JWFC Support for Panamax / $60K (JFCOM)**
  - **PFOR TO JFCOM/JWFC**
- **JIATP**
  - **Availability of compatible CIE tools and releasability standards restricts interagency exercise participation (especially IOs, NGOs)**
- **JLLP**
  - **Do not have sufficient personnel & funding available to support an effective program**
  - **Requirement in FY 07-11 POM; Funding not guaranteed**

SOUTHCOM – WJTSC 05 Issues

JT FCB Issues

- FCB creating numerous requirements for CC
  - WGs/ Weekly DCTS
  - Many of limited utility to CC

Recommendation: Streamline JT FCB meetings/ requirements & include CC only when necessary

- JNTC FWD Element within CC needs rigorous vetting review

Recommendation: Rigorously define JNTC FWD element requirement / Vet with CC
